Bei dem originale Nachrüstsatz Zusatzscheinwerfer R1250GS sind M6 Gewindebolzen eingepresst. Halter einfach drüber ziehen

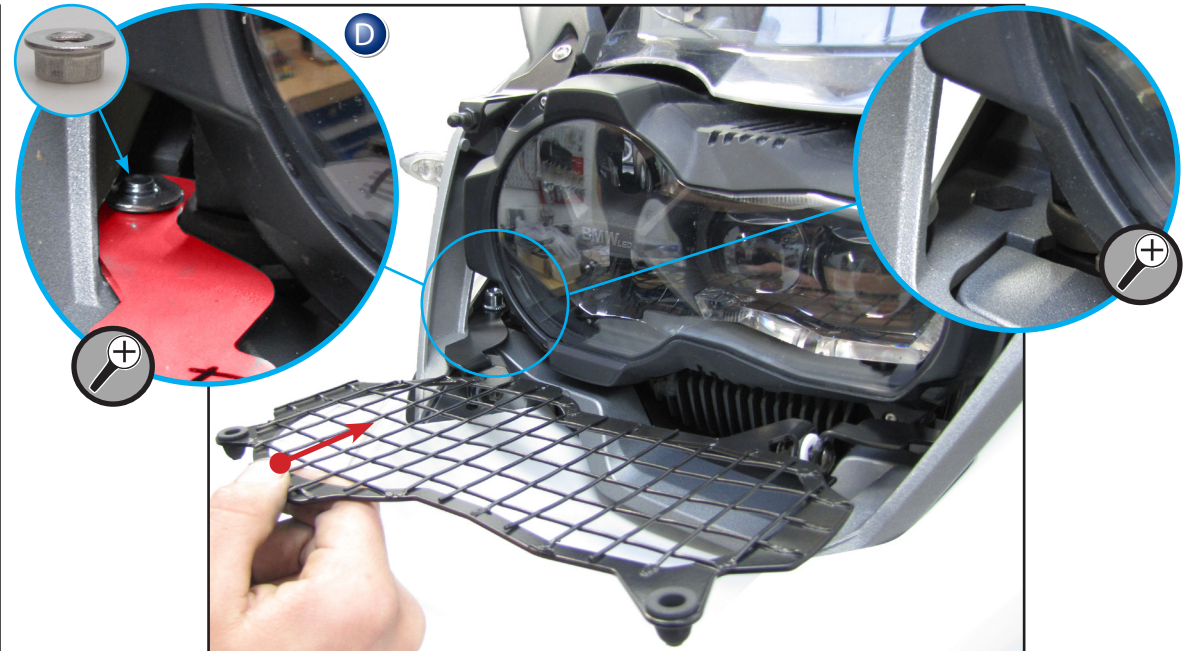

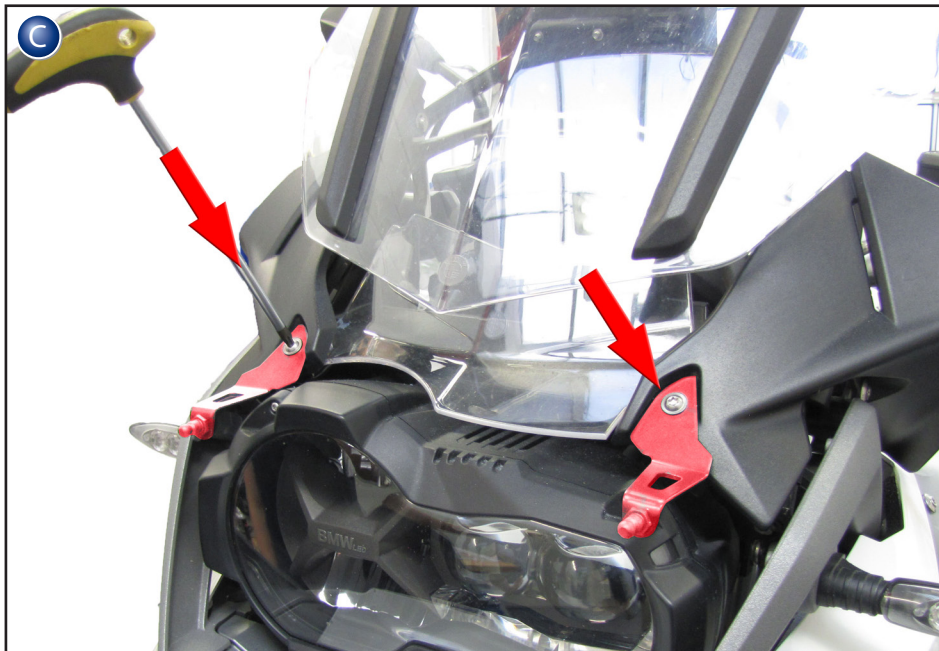

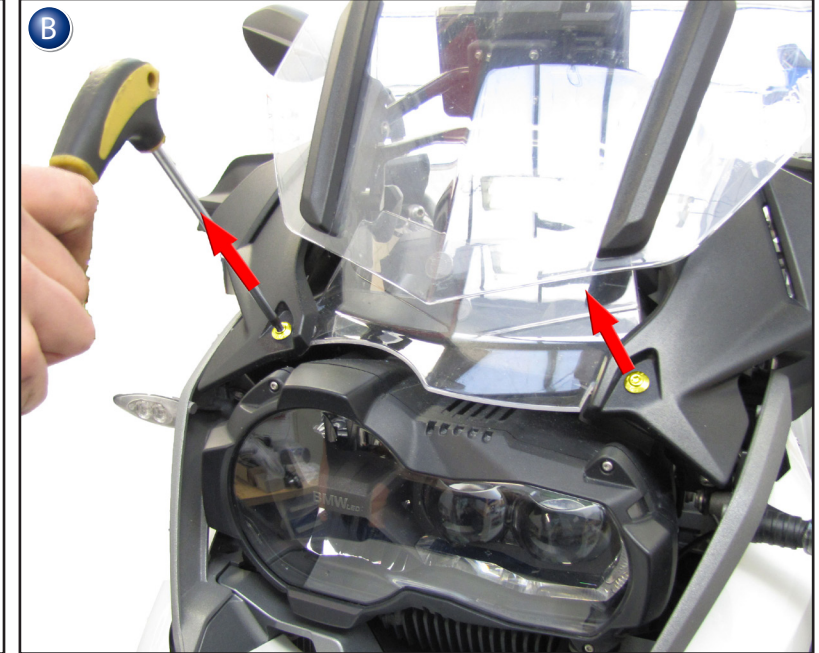

M6 threaded bolts are pressed in by the series production head lamp hardware kit for the R1250 GS. Simply place bracket over this area.

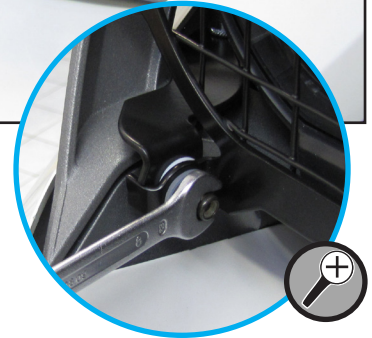

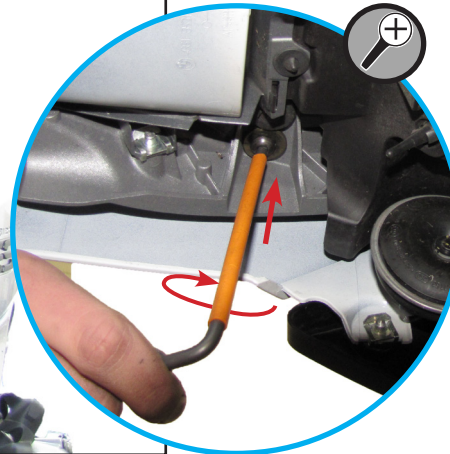

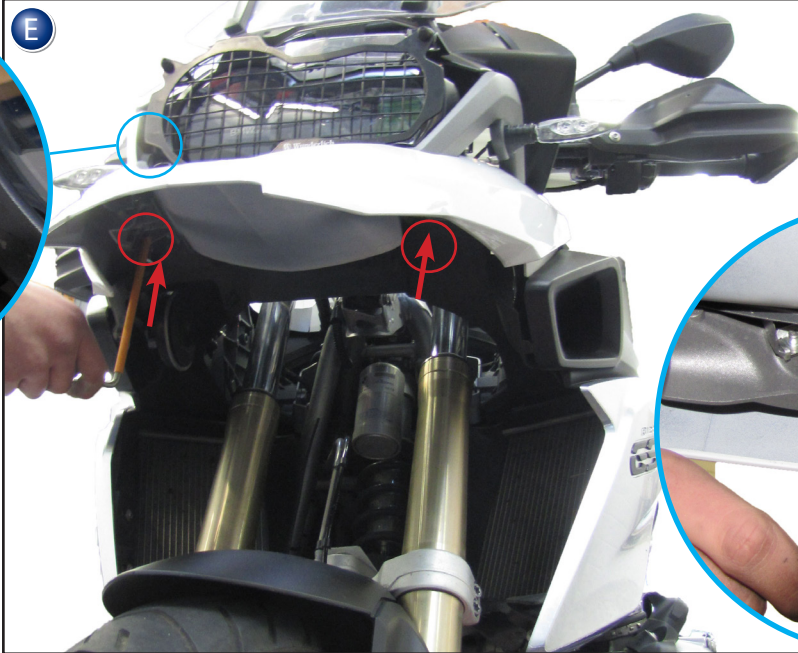

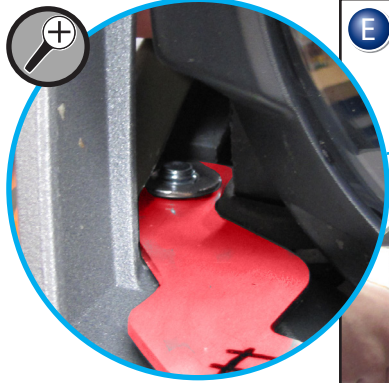

Halter lose montieren und den rechten vor dem linken Halter einschieben (Bild D). Zum Schluß erst festziehen (Bild F)!

*Push the right side of the bracket in before the left and screw in loosely (Image D). Do not tighten until the end (Image F)!*
